Subject: AEM TestPro CV100 Multifunction Cable Tester Approval

CommScope is pleased to announce the approval of the TestPro CV100 Multifunction Cable Tester. The TestPro CV100 has been tested across a variety of channels and links and compared with laboratory network analyzer references at CommScope Labs. TestPro CV100 employing firmware version 2.0 or later is approved for use in both Permanent Link and Channel certification testing with all CommScope Category 6A/Class EA, Category 6/Class E, and Category 5e/Class D cabling systems.

This notice will be forwarded to the CommScope Field Application Engineering staff and made available to the CommScope network of Business Partners.

Sincerely,

A handwritten signature in black ink that reads "Wayne Hopkinson". The signature is written in a cursive, flowing style.

Wayne Hopkinson  
Product Verification and Validation Testing Group
