Mr. Dixon Tan

Dear Mr. Dixon,

This letter is to inform you that Norden Communication has approved the TestPro Cable Certifier to be used in testing Norden's copper connectivity solutions for both Channel and Permanent Link configurations for Cat 5e, Cat 6, Cat 6A, Cat 7, Cat 7A and Cat 8 , and fibre connectivity solutions Optinor OM1, OM2, OM3, OM4, OS1 and OS2 in conjunction with the appropriate TestPro adapters with latest firmware version.

Norden also accepts the test results provided with this tester for all copper Cat 5e, Cat 6, Cat 6A, Cat 7, Cat 7A, Cat 8 and all fibre OM1, OM2, OM3, OM4, OS1 and OS2 Norden warranty programs.

We will be notifying our global listing of authorized installers of this approval and will update our Field Testing requirements for warranty purposes to include the AEM TestPro Cable Certifier. This information will be posted on our website at <https://www.nordencommunication.com>.
